

SAVE THE DATE!

# MID-AMERICA CLUB IT CONNECT 6:00 PM, OCTOBER 24, 2017 IT'S THE FUTURE WHERE IS MY FLYING CAR?

We've all had this daydream. You're stuck in a traffic jam. It's a six-lane parking lot, bumper-to-bumper irritability.

You would be late, but hey, it's the 21st century! You press a button on your dashboard. Your car rises as effortlessly as a child's balloon. A quick press of the accelerator, and zoom! You're whizzing over traffic with a big smile...

...then, that jerk behind you honks, jerking you back to the exhaust fumes of reality. You wonder, "where is my flying car?"

In this month's presentation, we're going to talk about flying cars and other personal air vehicle projects from around the world. Explore concepts from the barely-there minimal to the luxurious, as well as some interviews with the designers behind the vehicles.

Our discussion will examine new technologies helping to make this dream possible, from electric and hybrid systems, sensor arrays, machine learning, and more. We'll also discuss flying car history as well as the unique challenges faced in designing a flying car.

**Get Flying.** Join us at Mid-America Club IT Connect at **6:00 pm** on **October 24, 2017**. Enjoy a presentation from a thought-leader in tech and our spirited Q&A afterwards!

## MID-AMERICA CLUB IT CONNECT MEETINGS

Our next meeting will be **October 24, 2017 at 6:00 pm** in the Mid-America Club on the 80th floor of the Aon building in downtown Chicago. Please RSVP with the Club at **312-861-1100** or online at **midamclub.com**. Limit **3 guests** per membership. Members must register their guests with the Membership Department.

Mid-America Club IT Connect is presented by **Polymorphic Systems, Inc.**
